Glens Falls school project presentations set

Michael Goot Apr 3, 2017

GLENS FALLS — People are invited to a presentation Wednesday to learn about the Glens City School District's \$17.55 million renovation project.

The work includes fixing a leaky roof that drips into a cafeteria, addressing buckling gymnasium floors and replacing 30-year-old boilers.

State aid covers 75 percent of the cost.

There is also a separate proposal to install lighting on Putt LaMay Field at a cost of \$691,200.

The presentation will take place at 7 p.m. in the district office.

There will also be presentations on April 25 at 6 p.m. and May 8 at 6 p.m. at the same location.
