**SUBJECT: EVALUATION OF PERSONNEL**

The \_\_\_\_\_ School District is committed to supporting the development of effective teachers and administrators. To this end, the District shall provide procedures for the evaluation of all professional staff. District plans for Annual Professional Performance Review (APPR) of teachers and Principals shall be developed in accordance with applicable laws, Commissioner's Regulations, and Rules of the Board of Regents.

The primary purposes of these evaluations are:

- a) To encourage and promote improved performance;
- b) To guide professional development efforts; and
- c) To provide a basis for evaluative judgments by applicable school officials.

**APPR Ratings**

For those teachers and Principals subject to Education Law 3012-c, the Annual Professional Performance Review (APPR) will result in a single composite effectiveness score and final quality rating of "highly effective," "effective," "developing," or "ineffective." The composite score will be determined as follows:

- a) 20% - student growth on state assessments or other comparable measures of student growth (increases to 25% upon implementation of a value-added growth model);
- b) 20% - locally selected measures of student growth or achievement that are determined to be rigorous and comparable across classrooms as defined by the Commissioner (decreases to 15% upon implementation of a value-added growth model); and
- c) 60% - other measures of teacher/Principal effectiveness consistent with standards prescribed by the Commissioner in regulation.

The ratings scale based on composite scores has been established as follows:

- a) Highly Effective = composite effectiveness score of 91-100
- b) Effective = composite effectiveness score of 75-90
- c) Developing = composite effectiveness score of 65-74
- d) Ineffective = composite effectiveness score of 0-64

## **SUBJECT: EVALUATION OF PERSONNEL (Cont'd.)**

If a teacher or Principal is rated "developing" or "ineffective," the School District will develop and implement a teacher or Principal improvement plan (TIP or PIP). Tenured teachers and Principals with a pattern of ineffective teaching or performance, defined as two consecutive annual "ineffective" ratings, may be charged with incompetence and considered for termination through an expedited hearing process.

The School District will ensure that all evaluators are appropriately trained consistent with standards prescribed by the Commissioner and that an appeals procedure is locally developed.

### **Disclosure of APPR Data**

Consistent with Chapter 68 of the Laws of 2012, which amends Education Law 3012-c, the Commissioner is required to disclose professional performance review data for teachers and Principals on the New York State Education Department (NYSED) website and in any other manner to make such data widely available to the public. However, the release of such aggregate data may not include personally identifiable information for any teacher or Principal. Such public disclosure of final quality ratings and composite effectiveness scores will be suitable for research, analysis and comparison of APPR data for teachers and Principals across the state.

Upon request, the District will release to parents/legal guardians the final quality ratings and composite effectiveness scores for teachers and Principals to which their student is currently assigned. The District's obligation to disclose this information is limited to those teachers and Building Principals subject to Education Law 3012-c. The District will provide conspicuous notice to parents/legal guardians of their right to obtain such information and the methods by which the data can be obtained. Upon request, parents will receive an oral or written explanation of the composite effectiveness scoring ranges for final quality ratings and be offered the opportunity to understand such scores in the context of teacher evaluation and student performance. When a request for this information is received, reasonable efforts will be made to verify that it is a bona fide request by a parent/legal guardian entitled to review the data.

Annual professional performance reviews of individual teachers and Principals shall not be subject to disclosure under the Freedom of Information Law (FOIL).

**SUBJECT: STUDENT EVALUATION****Placement**

Placement within the system, with respect to building, teacher, and grade or special class, shall be at the discretion of the school administration and shall be subject to review and change at any time. In making such decisions, the administrator or Building Principal will be guided by performance in class, past records, parent/guardian and teacher recommendations, standardized test scores, and any other appropriate sources of information, but the final decision shall rest with the school administration. Parents may request, in writing, teacher attributes that would best serve their child's learning needs; however, requests for specific teachers will not be honored.

**Promotion and Retention**

The procedures to be followed by the staff regarding promotion and retention will be developed by the Superintendent and will be continually evaluated. Building Principals may establish written standards for promotion or retention within the school units to which the students are assigned, subject to the guidelines of the Superintendent and the approval of the Board of Education.

**Testing Program**

The Board of Education endorses and supports the use of ability, achievement, diagnostic, readiness, interest and guidance tests as part of the total educational process to the degree to which tests help the District to serve its students.

**Alternative Testing Procedures**

The use of alternative testing procedures shall be limited to:

- a) Students identified by the Committee on Special Education and/or Section 504 Team as having a disability. Alternative testing procedures shall be specified in a student's Individualized Education Program or Section 504 Accommodation Plan; and
- b) Students whose native language is other than English (i.e., English language learners) in accordance with State Education Department Guidelines.

The alternative testing procedures employed shall be based upon a student's individual needs and the type of test administered.

The District shall report the use of alternative testing procedures to the State Education Department on a form and at a time prescribed by the Commissioner.
